Certificate of Participation of
Hackathon

AI/ML for Geodata Analysis

Heshva Soni

Intern @ SAC-ISRO | IT Student | ML Enthusiast | Python | Building
Intelligent Solutions with Data

Greater Ahmedabad Area

Summary

I bridge the gap between complex data and user-centric applications. Currently pursuing my B.Tech at IAR Gandhinagar, I have already completed two professional internships focused on Python and Machine Learning. I am a creative problem-solver who isn't afraid to push the boundaries of AI to build smarter software. From advancing to regional hackathon stages to maintaining high academic standards, I am driven by continuous learning and technical excellence.

Experience

Space Applications Centre, ISRO

Research Intern

June 2026 - Present (3 months)

InfoLabz

Intern

July 2023 - August 2023 (2 months)

Ahmedabad
